Languages: Ruby, JavaScript, HTML, CSS, SQL

Frameworks/Libraries: Ruby on Rails, React.js, React Router, MiniTest, Bootstrap, Tailwind

Databases/Tools: Postgres, APIs, Node/npm, Git, GitHub, Postman, Postico, AWS Amplify

Coding Projects

Better IMS - inventory management app & automated 'reorder' notification system ([frontend](#) | [backend](#) | [demo](#))

- Backend RESTful API using MVC architecture built with Ruby on Rails.
- Utilizes the Whenever gem to schedule cron jobs for daily inventory monitoring, automating the process to send 'reorder' notifications every day at midnight.
- Frontend single page application (SPA) built with npm, webpack, React.js, Tailwind.
- Secure authenticated user profiles using the Bcrypt gem and JSON web tokens.
- Integrates MiniTest unit testing to ensure code reliability and functionality.

Bearded Gardener Shopify Storefront - ([repo](#))

- Frontend SPA constructed with React.js, React Router, and Tailwind.
- Implements the Shopify Partners API for seamless storefront integration allowing in-app purchases.
- Version 2 constructed with Shopify builder including custom design and theme.

Blog App - ([repo](#))

- Fullstack Ruby on Rails application with ERB styling using Bootstrap and custom CSS.
- Secure authenticated user profiles using the Bcrypt gem and JSON web tokens.

Work Journal - ([link](#)) - an ongoing record of coding learning including new technologies and industry research.

Education

Actualize Coding Bootcamp | Certificate in Full-Stack Web Development

May 2023 - September 2023

Arizona State University | Bachelor of Arts in Project Management

2022

Experience

Actualize Coding Bootcamp | Teaching Assistant

October 2023 - Present

- Monitored students progress on work in and out of the classroom and provided feedback.
- Conducted weekly sessions without the lead instructor present to guide students through questions and solve problems that were not covered in class.
- Served as conduit between students and the lead instructor when the students had trouble speaking to the lead instructor directly.

Starbucks

April 2017 - Present

Shift Supervisor (February 2020 - Present)

- Collaborate with management team to share knowledge, best practices, and resources to maintain the highest standards of customer service across all shifts.
- Troubleshoot POS and inventory software and create workarounds to minimize disruptions in workflow
- Manage up to 15 people to create a profitable business reaching up to \$7000 in sales in a 4-hour period
- Assign up to 15 daily tasks and duties and oversee progress to ensure cleanliness and smooth operations

Barista Trainer (2019 - February 2020)

- Onboarded 15 baristas, providing detailed training and feedback for all menu items, customer service standards, and company policies

Barista (2017 - 2019)
